ABOUT US

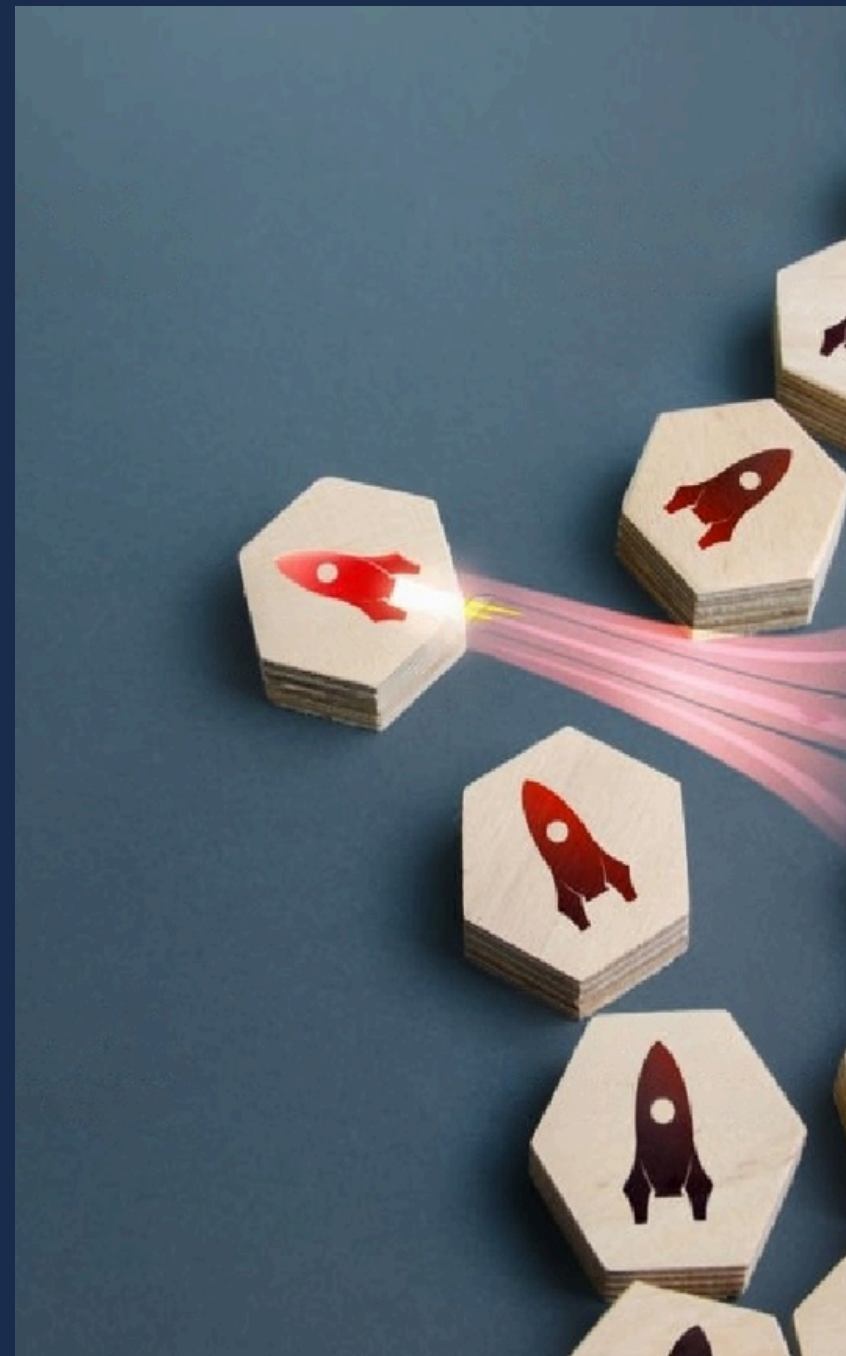

We are an ADDITIVE MANUFACTURING (AM-3D Printing) SOLUTION provider. The emergence and proliferation of IN-HOUSE R&D have enabled us the chance to progress as a company. We offer the best dedicated AM services for individuals, businesses, and institutions to convert their IMAGINATIONS into REALITY.

VALUES

Vision

To maintain the highest levels of quality services while reducing the production time so that we can provide the best services in the country.

Mission

To exceed the expectations of the customers and provide them with the best services and the most reliable support system.

SERVICES

1

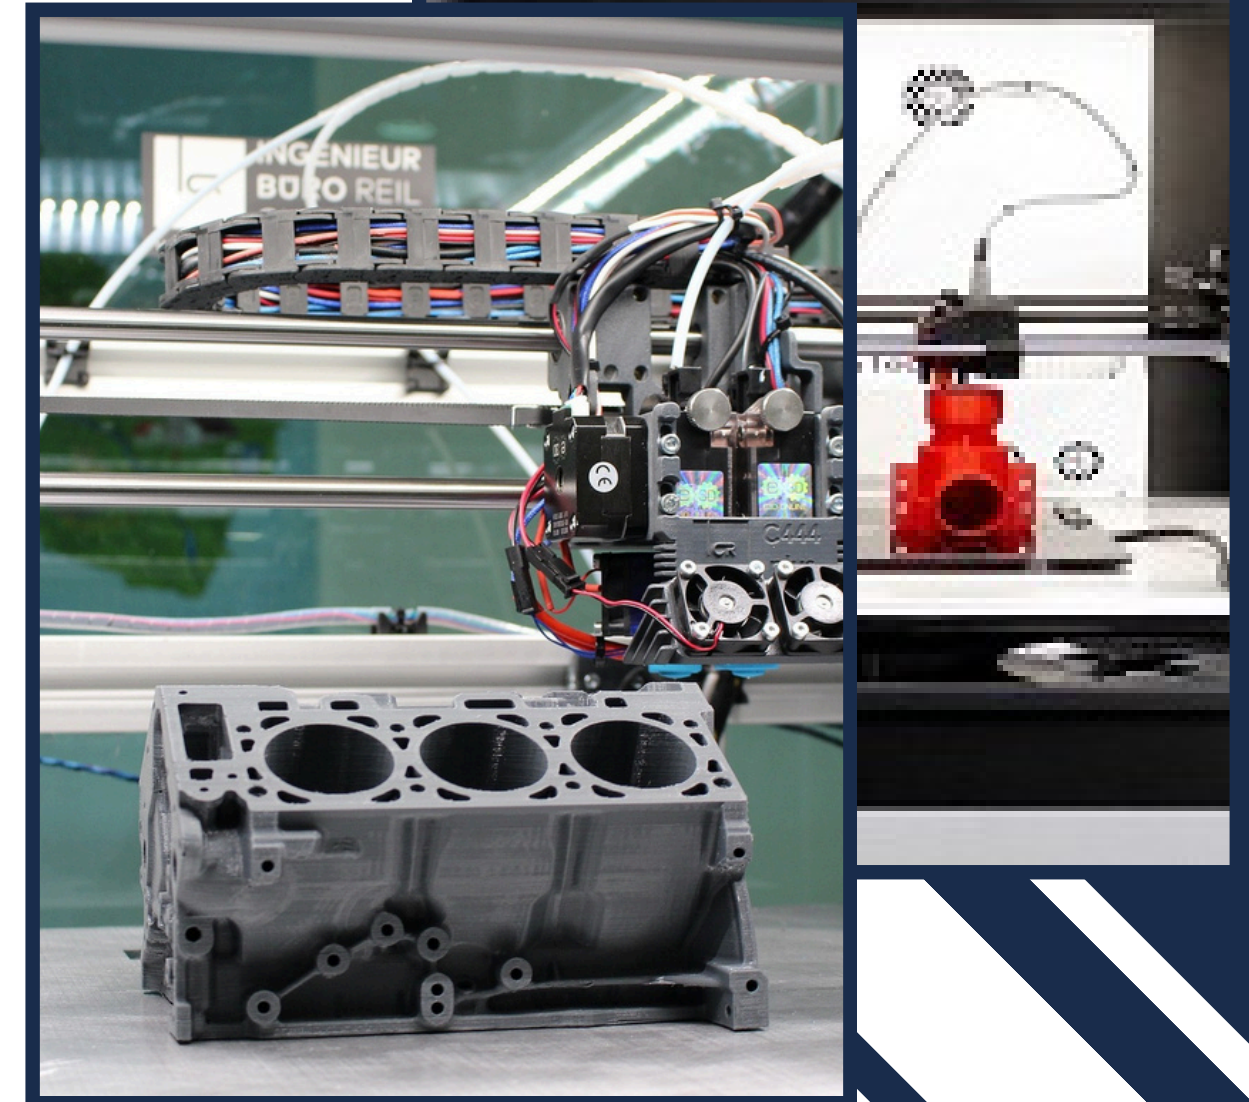

3D Printers and 3D Printing

A wide variety of printing technologies and materials are developed in-house and materials that can easily convert your ideas into reality.

2

Product Designing

We provide product designing, CAD modelling, animation & simulation services to shape your ideas.

SERVICES

3

3D Scanning

3D Scanning can be used to reverse engineer any part or perform dimensional analysis. We have a Creality Scanner and a Zeiss T-Scan Hawk Scanner.

4

Vacuum Casting

It enables low-batch manufacturing production and provides the best solution for manufacturing high-quality prototypes or end-usable products.

SERVICES

5

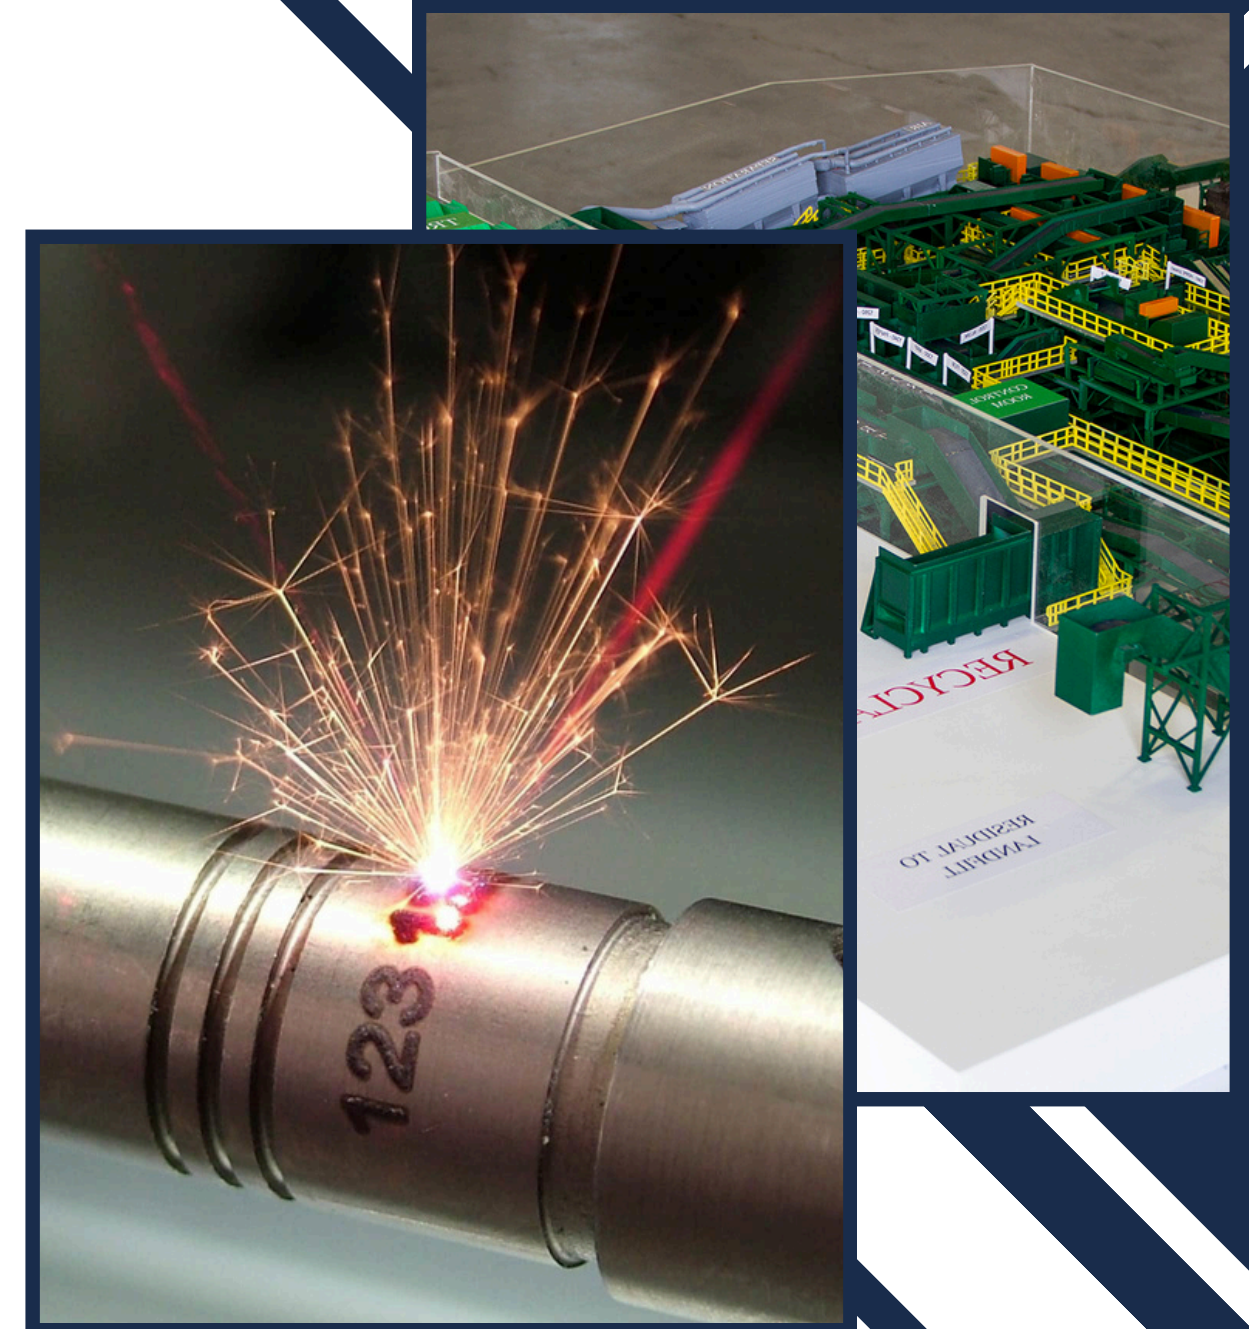

Laser Cutting

An offering of relevant, customized solutions for individuals and businesses. We can work with a variety of materials based on your needs.

6

Injection Molding

The best solution for large volume production of plastic or rubber-based products.

Industries we Serve

TESTIMONIALS

INVENT INDIA

“The increasing use of prototyping pushed us to look for trusted vendors that can provide reliable services with friendly prices. After using the services of this company, we definitely can recommend this company to help your needs.”

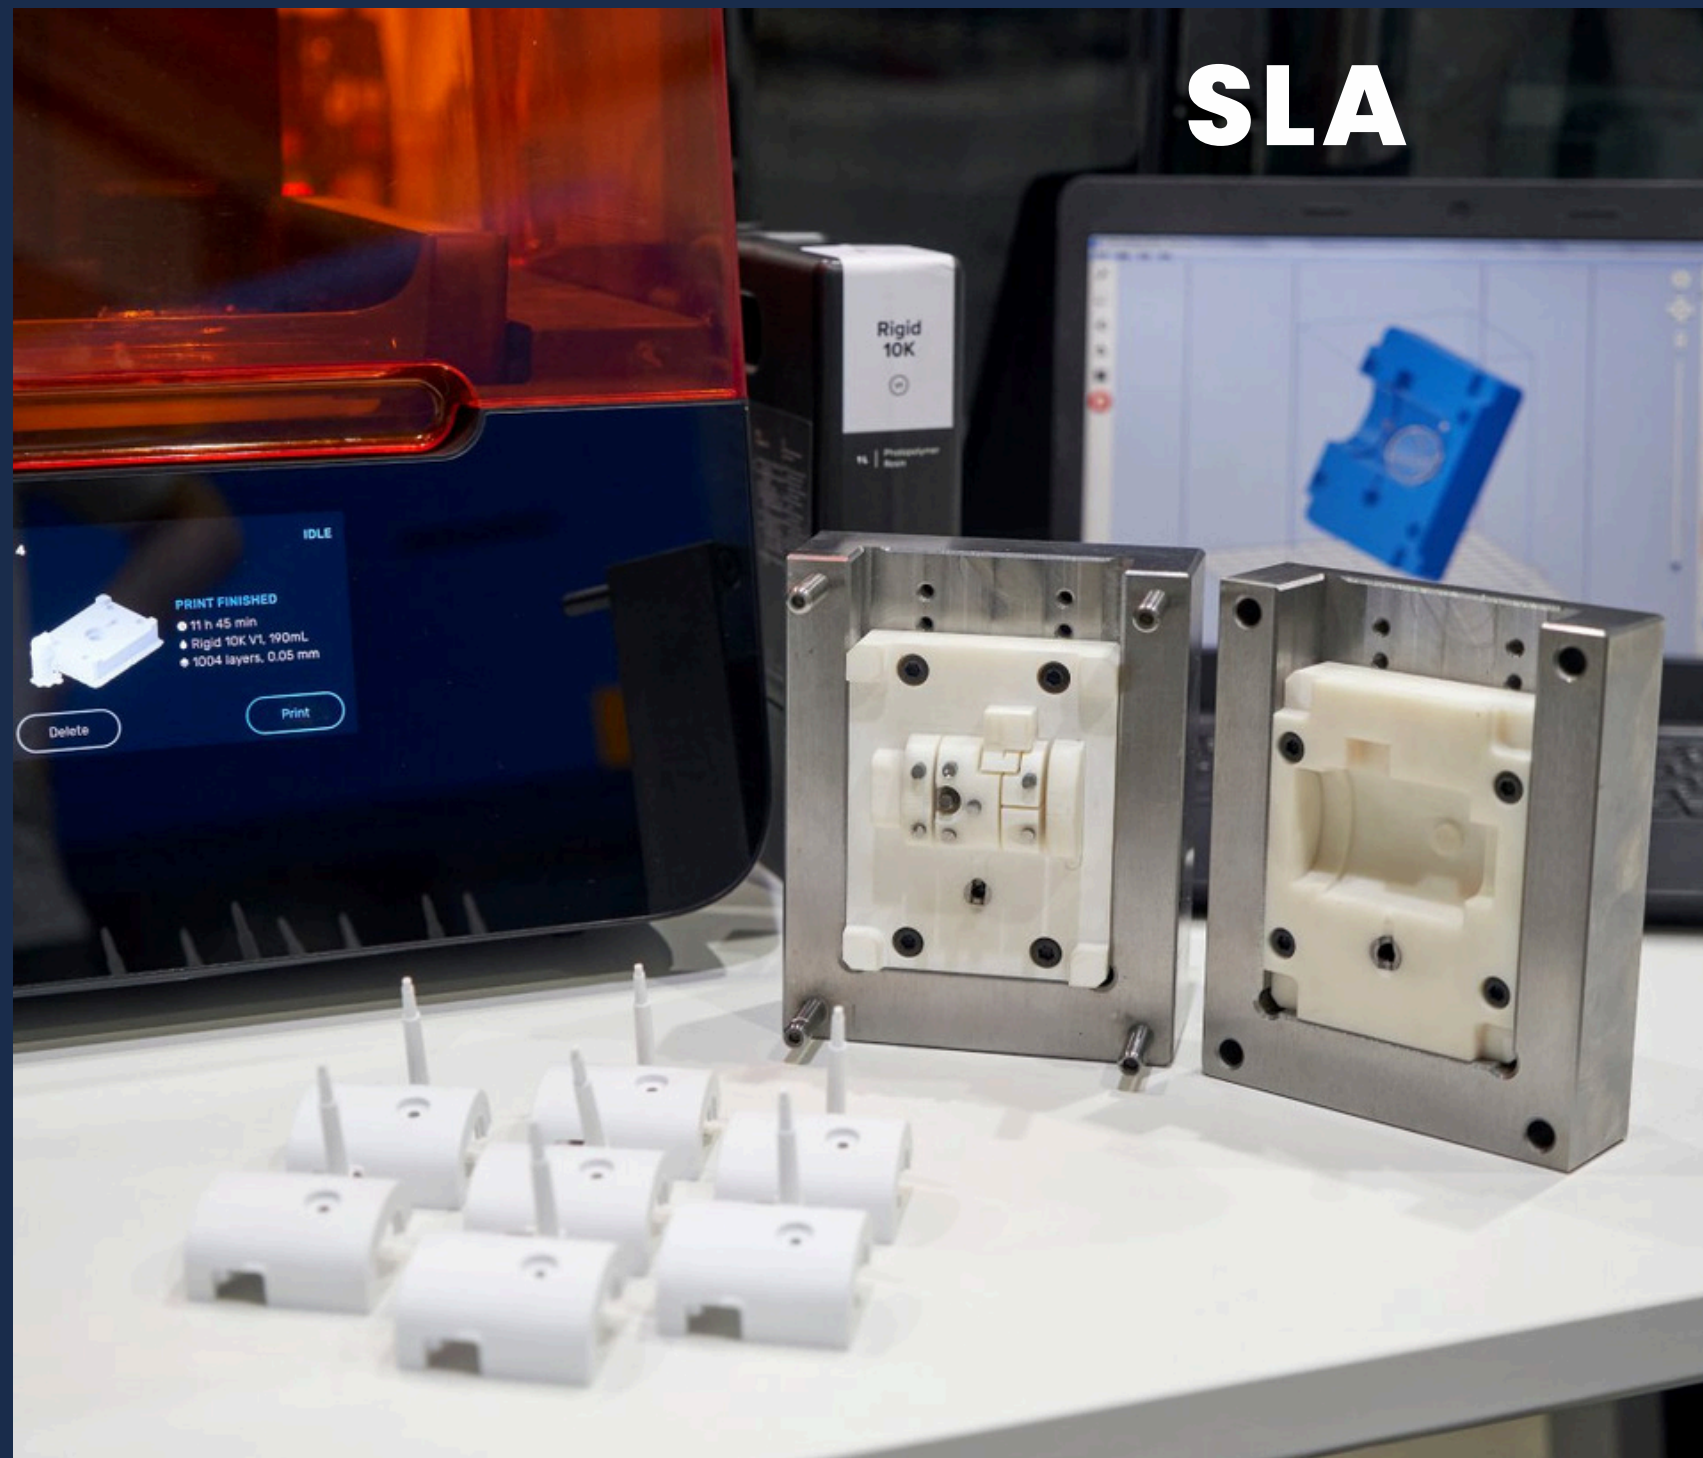

ASKA PLASTIC & PACKAGING

“Before we used the services provided by this company, we’ve always had problems in designing the product ourselves and keeping them stable even for just a month. Now, after we cooperate with this company, those problems seem so far away.”
